

James Stewart

With nearly two decades of experience in strata management, I am the Managing Director at Altitude Body Corporate & Management Pty Ltd. My journey in this field has been driven by advocacy and education in the regional areas through various positions locally, including the Local Chamber of Commerce and Falls Creek Resort management Board.

As a regional strata management advocator, I strive to improve the standards and practices within the industry, ensuring that both clients and communities benefit from efficient management services.

My professional background started in managing high-end hotels, where I honed my skills in customer service, team leadership, and operational excellence. This experience has equipped me with a unique perspective and skill set that I bring to the strata management sector.

I am also a strong supporter of local businesses, believing that thriving local economies are the backbone of vibrant communities.
